A STUNNING SUCCESS STORY!

Her quirky and individual art style is much sought after, this sentiment is confirmed by art buyers who have loved and purchased over 900 original paintings to hang in their homes and offices.

Donna sees the world through a lens of COLOR and JOY and HAPPINESS.
She consciously searches out visual cues in everyday life to create art and design that is an emotional response to her way of viewing the world.

WEAR IT - HANG IT - USE IT - GIFT IT

**It just
makes you feel
HAPPY!**

Donna Says:

“As for my painting, I think the brush merely tints the canvas:

it is imagination that produces art. I have always been drawn to the quirky and different.

‘Normal’ is not a word I use. My work owes nothing to tradition:

I paint with joy and passion and my art is for everyone.”

As for surface design - hand-painting the design gives the image and product texture, movement, personality, emotion and the tonal value of light and shade created by the artist, qualities not seen in modern flat digital art.
